| NOTES |  |
|-------|--|
| 1     | All taxiways/taxilanes are code F compliant except for TXL Z9, TXL Z10, TXL Z13, TXL Z14, TXL Z15, TXL Z16, TXL Z17, TXL Z20, TWY Z91 and TWY Z92 which are code C.    |
| 2     | Code D, E and F aircraft requiring access to TWY U4 for engine runs must do so under tow only. Powered movements are not allowed. Pilots must follow ATC instructions. |
| 3     | Pilots on code C and below aircraft must be aware that they will see ground markings late due to their size (for Code F aircraft).                                     |

| LEGEND                                   |  |                               |
|--|--|-------------------------------|
| RVR                                      |  | ITHP Stopbar                  |
| ILS - GP, LOC                            |  | RWY Hold Stopbar CAT I        |
