

## INFORMATION BULLETIN 19/2006

SUBJECT	: CHILD RESTRAINT SYSTEM
ORIGINATOR	: AIRWORTHINESS SECTION
STATUS	: INFORMATIVE
ADDRESSED TO	: ALL UAE OPERATORS
DATE	: TUESDAY, 26 <sup>th</sup> SEPTEMBER, 2006

The GCAA has received several requests to approve the usage of certain types of Child Restraint System on aircraft. These requests were raised from aircraft operators and seat venders. Therefore, this bulletin is issued to provide information regarding the use of Child Restraint System on aircraft.

The GCAA has accepted FAA Advisory Circular Number 120-87 as the bases for using Child Restraint System on UAE registered aircraft. Therefore, any operator who would require to use Child Restraint System on a UAE registered aircraft should ensure that the Child Restraint System is in compliance with FAA AC 120-87, including all installation and usage limitation and instructions. Operators intending to utilize the above A/C shall amend their GCAA approved cabin crew manual to insure that the requirements of the A/C are addressed

**MOHAMED ABUBAKER FAREA**  
**DIRECTOR OF AVIATION SAFETY & SECURITY**
