DATE	:	01 JULY 2010

### 1. PURPOSE

The objective of this Information Bulletin is to advise all UAE operators, Training organizations and UAE Aircraft Maintenance License holders of the intention of the GCAA to implement Part 66 tentatively from January 2011.

### 2. APPLICABILITY

The information bulletin is applicable to all UAE Aircraft Maintenance License holders, training organizations, operators, maintenance organizations and prospective applicants for a UAE AME license.

### 3. IMPLEMENTATION PLAN

GCAA intends to implement Part 66 tentatively from January 2011. Procedures and guidelines for the intended implementation will be brought out in due course.

The purpose of this IB is to advise all concerned parties to undertake necessary preparation for the upcoming change and to invite feedback from the industry to enable a smooth transition to the new standards. GCAA will greatly appreciate all stakeholders to highlight the challenges and obstacles they foresee in order to enable us to adopt the switchover with minimal disruption to operations of the industry.
