

INFORMATION BULLETIN NO.01/2012

(January 16, 2012)

| | |
|---------------------|---|
| SUBJECT | : REPLACEMENT OF EXISTING NOISE CERTIFICATES |
| ORIGINATOR | : DEPARTMENT OF AIRWORTHINESS |
| STATUS | : INFORMATIVE |
| ADDRESSED TO | : ALL AVIATION INDUSTRY |
| DATE | : JANUARY 16, 2012 |

1. PURPOSE

1.1. The GCAA is in the process of revising the existing Noise certificates so that they are in accordance with ICAO Annex 16, sixth edition of July 2011. All operators/ owners of A6 registered aircraft that have been previously provided with an UAE Noise Certificate are required to replace it by the new GCAA format of Noise Certificate.

2. APPLICABILITY

2.1. This IB applies to all UAE operators/owners and any other parties that have been provided with a Noise Certificate to operate an A6 registered aircraft and helicopter.

3. REFERENCES

3.1. ICAO Annex 16, 6th edition July 2011 regarding Noise Certification Documentation

4. CANCELLATION

4.1. Nil.

5. PROCEDURE

- 5.1. All operators/ owners of A6 registered aircraft should submit the Noise Certificate application to Airworthiness Department using the form AWF-NOS-001 that is available on the GCAA website along with a photocopy of the existing Noise Certificate that is going to be replaced.
- 5.2. Applications should be submitted within 60 days from the date of publication of this Information Bulletin thus all applications should be submitted by **March 15 of 2012**.
- 5.3. The new Noise Certificate will be delivered to the interested party upon return of the original Noise Certificate.
- 5.4. All operators/ owners of A6 registered aircraft of large fleet of aircraft are encouraged to submit their applications in batches instead of submitting one application a time.
- 5.5. Operators/owners of A6 registered aircraft that do not submit their replacement of Noise Certificate application within the given 60 days period should apply for a new Noise Certificate and complete the applicable procedure to obtain it.
- 5.6. For further information, kindly contact to:
