

SAFETY DECISION 2020-08

Issue 01

Date of Issue: April 07, 2020

SUBJECT:

PROVIDE ADVANCED PASSENGER PROCESSING (APP) DATA TO THE NATIONAL ADVANCE INFORMATION CENTER (NAIC-UAE)

REFERENCE PUBLICATIONS:

N/A

INTRODUCTION:

Despite the publication of the requirement for APP (Advanced Passenger Process) for all passengers, including inbound/outbound/transit/transfer passengers and crew in accordance with UAE AIP GEN 1.3.4 and NOTAM A0704/20, UAE is still observing several non-compliances from non-schedule and general aviation air operators flying from/to the UAE.

This SAFETY DECISION is issued to:

- a) require all non-schedule and general aviation air operators including ferry flight operating from/to UAE to ensure compliance with UAE AIP GEN 1.3.4;
- b) inform all operators that such requirement, in the wake of COVID-19 pandemic, is of high importance to stop the spread.

REQUIREMENTS:

Flights shall not be permitted to enter the UAE airspace unless:

- a) a flight plan (FLP) filled in accordance with CAR III 2.2. and ICAO standards is submitted as per UAE AIP ENR 1.10. The FLP shall include:
 - i) type of flight (N or G) as applicable in item 8 of the flight plan;
 - ii) Include passengers on board in item 18 RMK/of the FPL;
- b) Advanced Passenger Processing (APP) data is provided for all passengers, crew and flight on-board. The data shall be uploaded minimum 24 hours before the flight in (NAIC-UAE) System in usual cases and minimum 4 hours before the flight in unusual case. APP is accessible through the following links:
 - i) for registered air operators : <HTTPS://CARRIERS.APIUAE.GOV.AE/>
 - ii) for new air operators : <HTTPS://CARRIERS.APIUAE.GOV.AE/UCP/SHOWREGISTERCARRIER.FORM>
